

## By Last Night's Mail.

LATE FROM THE SOUTH.—It is positively stated by the N. O. Delta of the 16th, that the 8th and 9th regiments left Matamoros on the 8th for Camargo, in transports, and that the Jackson and Washington volunteer regiments left on the 6th for the same destination. The British Sloop of War *Rose*, arrived at Brasses on the 9th, and the U. S. Sloop of War *Flirt*, on the 10th, both from Tampico. The U. S. Revenue Cutter *Van Buren* and *Essex*, the former from New York, the latter from Charleston, were at anchor off the bar. The U. S. Cutter *Forward* arrived at Galveston on the 13th.

Advices from New Orleans to the evening of the 15th have been received at Washington with letters from Matamoros, of July 3d and 5th.—General Taylor announced to two of the regiments on the 4th, that in a few days he would have boats to transport them to Camargo, whence he would put them in motion for Monterey, and if they gave fight before the summer closed, it would not be his fault. (So written.)

The papers of Texas and Matamoros are full of details of the celebration of the 4th. The rains were holding up. Some sickness prevailed, mostly bowel complaints. The measles had appeared in Mark's regiment, and several men were down with the complaint. D'Grey had arrived in Reynosa, from the upper country by way of Monterey, and reported the Mexicans full of sympathy to the war. Five hundred Mexican volunteers at Mondova, had refused to serve, on hearing of Taylor's victories. Some dissatisfaction among the Louisiana volunteers had appeared; but it would be settled, having been referred to General Smith. The wounded and sick were doing well at Fort Polk.

The revolution in favor of Santa Anna, has extended to all the cities from Acapulco to Mazatlan, embracing the departments on the Pacific, which are now in arms against Paredes, with the exception of Oajaca, which remains neutral. Formal declarations of independence have been received in Mexico from both the Californias. The revolutionaries in the States having been attacked by the Paredes army, retired to Guadalajara, which they were fortifying. A division of the forces was ordered there by Paredes, which had been intended for the defense of Monterey. The Comander desires to suppress all domestic insurrections, before he attacks Gen. Taylor.

Paredes has been re-elected President, and will leave the capital in the hands of Gen. Bravo, the Vice President, while he will take command of the army.

Vera Cruz has been nearly deserted by business men, in anticipation of an attack upon that place by Com. Conner.

Tampico has declared for Santa Anna, as also Guadalupe, Selaya, Lagos, Guaymas, and the California. In addition to other cities and departments already reported. Only a very small part of Central Mexico adheres to the administration of Paredes, and that would not doubt resist as soon as he got under way with the army.

The steamer *Givoli* was blown up and burnt on the coast of Cuba, a few weeks since. Had on board 50,000 dollars in specie, all of which was lost. The vessel herself was said to have been worth near 100,000 dollars.

The last arrival from England brings positive intelligence that the Ministry had offered to mediate between the U. S. and Mexico.

Accident.—On Friday morning, on the N. Y. and Erie Railroad the train from Middletown to New York was thrown off the track near Menroe village by the breaking of a car wheel and two passengers killed and 300 others seriously injured. Some 70 or 80 were injured or killed. The car had a pie party on board, on their way to Hoboken, which accounts for the number on board. The names of the injured are not given.

## COMMERCIAL.

WHEAT—16 cents. OATS—16 cents. CORN—25 cents. WOOL—16 cents.

NEW YORK, July 24.  
FLOUR—1000 lbs. Illinois sold for shipment, at \$1.06 and 500 lbs. Genesee at \$1.12.

Cutting done to order, and customers are requested not to take work from his shop unless done to their order or satisfaction.—Shop on Broad street, opposite Hopkins' Drug store.

Hillsdale, June 30, 1846.

**"FEVER & AGUE," ROWAND'S IMPROVED TONIC MIXTURE.**  
THE BANE AND THE ANTIDOTE.

I hereby certify that several persons under Medical Treatment for INTERMITTENT FEVER, (or FEVER & AGUE) within my observation and direction, have been cured by the use of ROWAND'S IMPROVED TONIC MIXTURE, after every preparation of Peruvian Bark, (Quinine) &c. &c. had been tried in vain.

NATHANIEL P. CUSHMAN M. D.,  
Washington City, District of Columbia.

Thousands of like certificates have from time to time been published.

1,500,000 cases of Fever & Ague have been cured by ROWAND'S IMPROVED TONIC MIXTURE.

HOWARD'S IMPROVED TONIC MIXTURE.

However startling this statement may at first appear, yet the FACT may be demonstrated by the single fact of these, for we estimate by reference to the "Famous Factory Book" that Five Hundred Thousand Bottles have been made and distributed over the country during that period!

Well, it is well known to the Agents, especially in the Western States, that whole families, or even persons have been cured by one single bottle! In a vast majority of instances one bottle has cured 2, 3, 4 and 5 persons! The average here would give three cases to every bottle! amounting to the astounding number of 1,500,000 cases of this "baneful complaint" cured by this invaluable remedy!

Now, "common sense" dictates the propriety of reserving at once to the Agents, the privilege of selling and distributing this "valuable and saving" remedy, and of avoiding all vulgar and insignificant counterfeits.

G. W. UNDERWOOD, Agent in Hillsdale, Inventor & Proprietor, Dr. J. R. ROWAND, Philadelphia, Graduate of the University of Pennsylvania.

A fine assortment of Alpaca at prices to suit purchasers, for sale at J. W. KING'S.

## GREAT AMERICAN

**FOR THE CURE OF THE FOLLOWING**  
Complaints: Dropsy in all its forms. Gravel in its several stages; all diseases of the Kidneys and Urinary Organs; all Female Complaints, Suppressions, &c. &c. Weakness, Debility, Diseases of the blood, such as Scrophulous, or of an eruptive character. All affections of the Lungs, Inflammation of every kind, even those of the eyes; Liver Complaint, Consumption, General Debility of the system; Piles of every character; Fever and Ague, and indeed any complaint which is to be reached through the Blood, and the Proprietor here confidently asserts, that he can in every case—no matter what the complaint may be—make a permanent and radical cure if the medicine he offers is taken according to the directions. One or two bottles will test the efficiency of the article, and he is at liberty to use the names of the following highly respectable individuals who have cured by its use, as a city and vicinity. Every individual here named can be seen and conversed with, and the particulars of the cures cured can be known by reading the testimony in the hands of the Agents, who will with pleasure furnish pamphlets to all who may call for them. The Proprietor asks and indeed most earnestly solicits a strict investigation of the testimony here set forth—and if a departure from strict truth be found in any certificate offered, he will pay the expenses of the publication of said exposure—and abide by the consequences. The Proprietor would also state that every cure here certified to, has been given over an incurable by the most talented medical men of the city and vicinity—and such has been the case with every cure made by the article far and near. But the Theory which the inventor of the Lithotriptic bases his cures upon—that the stone is dissolved, "dissolved" in the urine, and it will in a moment be perceived that but ONE GREAT REMEDY is necessary to effect cures in various complaints, and the proof that here follows establishes the theory as firm as the rock of truth.

Mrs. Emory Taunt, Niagara street, Buffalo, case of Scrophulous, terminating in general Dropsy, radical cure. Silas Wood of Buffalo, bleeding at the lungs, of several years standing, a complete and perfect cure. Mr. C. A. Wilson, for many years connected with the Buffalo Commercial Advertiser, Liver Complaint. Levi H. Williams, police officer, case of scrophulous inflammation of the eye, and a scrophulous dropsy. Mrs. Daniel Kenney, of this city, general dropsy. Wm. Holmes, police constable, erysipelas of 15 years standing, cured by 6 bottles. Mrs. Locke, 184 Pearl street, case of inflammatory rheumatism, a singular cure. Hiram A. Vaughn, scrophulous swellings in the throat, a complete cure. George P. Barber of Aurora, case of scrophulous dropsy of 18 years standing—this cure is certified by the Hon. J. P. Stevens, Judge of Erie county; P. M. Voshag, Esq., Surrogate of Erie county; L. V. Vanderpool Esq., and others. Mrs. John Stewart, No. 47 Chippewa street, Buffalo, case of scrophulous inflammation of the eye, debility, &c., &c. The wife of the Rev. John Vaughn, of Albion, Niagara county, N. Y., cured of dropsy. Mrs. Scott Carolina street, Buffalo, hydrocephalus, or dropsy of the chest. Mrs. Lock 57 Franklin street, Buffalo, scrophulous complaint, spinal complaint with blind piles a distressing case, perfectly cured and attested to by Mr. N. Lock and her husband—Nancy Main, of Berlin Rensselaer co. N. Y., dropsy, cured and attested to by her husband, Oliver Main. Mrs. Reunah Holbrook of Hamburg, Erie co., cured of dropsy by two bottles only of this medicine, attested to before Judge Burwell. Henry Varian, of Alden Erie, N. Y., cured of anasarca or cellular dropsy, after tapping had been resorted to, right tonsil, and over 60 gallons of water taken from him. Miss ———, of West Bloomfield, cured of irregularity of the menses and flux albus.

The Proprietor presents the above array of testimony—the particulars will be found in the pamphlets, which give a treatise on the complaints, and also the mode of preparing and using the medicine. Be sure to call and get a pamphlet—all agents are provided with them to furnish free as water—that all who are in ill health may read, buy and be cured.

**SASH, BLINDS & DOORS.**  
THE subscribers take this method of informing the Citizens of Hillsdale, and the adjacent towns, that they are engaged in the Sash, Blinds & Door business. Sash of all sizes kept constantly on hand, Blinds and Doors made to order. And offer for sale any of the above articles, as CHEAP, if not a little CHEAPER, than can be purchased elsewhere.

Factory on the corner of Howell and McCollum street.

EDRIDGE & WELLS.  
Hillsdale, June 30, 1846.

**Mass Meeting.**  
A Mass Meeting, held at CHANDLER'S Store for 4 weeks past, for the purpose of ascertaining where Goods could be bought the cheapest for Cash or Ready Pay, during these exciting or warlike times, it was unanimously decided, that whenever War actually exists, CHANDLER can and will sell

**Dry Goods, Groceries, Crochery, Hardware, Rata-Baga Seed, Nails, Scoop-Shovels, Dried Apples, or Flat-Turnip Seed, as cheap as any other establishment North, South, East or West of 54—40. (Always including transportation.)**

Resolved, That "when any Man, or set of Men, by word or deed," oppose this declaration, if they will call at his Store and examine his NEW GOODS, and New Prices, (in fact his Old Goods are nearly all gone) they will find the above Resolution was not a "hasty" got-up—nor a "Political" effect—nor a Party influence, nor a Party gathering! But that it is a fact notwithstanding "War exists," and the price of Wheat is low, consequently the price of Goods should be Low, and are Low—very!

Resolved, That "any professions" of supporting high prices, when Wheat is only 45 "right or wrong, are delusive hypocritical and false," and in our opinion, he only wants the Ready Pay to enable him to hold common feelings or sympathies with all mankind.

Resolved, That the Proceedings of this Meeting be published in the Hillsdale Whig Standard.

**THE GENESSEE FARMER.**  
Vol. VII. FOR 1846.

Each Number of this Volume (which commences in January, 1845) of SIXTEEN, contains TWENTY-FOUR LARGE OCTAVO PAGES, is printed on S.W. TYPE, and GOOD PAPER, and is embellished with appropriate engravings. The paper will make a handsome volume of about three hundred pages, suitable for binding at the expiration of the year. No reasonable expense or effort will be spared, but every proper exertion used to make it acceptable to the Farming Community, by rendering it at once the cheapest and best paper of its size and kind in the Union.

Its Editorial Department will continue under the supervision of Dr. DANIEL LEE, its present talented and popular Editor. Its Horticultural Department will be conducted by P. BARRY, Esq., an experienced and practical Horticulturist.

TERMS, same as heretofore—FIFTY CENTS A YEAR, in advance; 5 copies for \$2.50 copies for \$3.

Now is the time to subscribe! and those who wish to do so, are requested to send in their orders, as soon as convenient. Persons ordering the paper will please write the name of the Post Office, County and State to which it is to be sent—and also state whether they have the January number. Post Masters, and other friends of Agricultural Journals, are requested to obtain and forward subscriptions for the Farmer—Post Masters may enclose names of their subscribers.

## Ho! For Oregon.

PERSONS going to Oregon will find it very much to their advantage to call on

A. WIER, BOOT & SHOE MANUFACTURER, who will furnish them with an understanding which will carry them over the Rocky Mountains faster and easier than any other BOOT or SIZES read of in history. As he is a man of "unimpaired relations" he will not warrant them to go for "philly-philly phary" but will guarantee an easy "philly." He goes not for a "masterly inactivity," but will render himself especially diligent in doing the amiable to all those who feel disposed to give him their patronage. His shop may be found in a little white shanty with a big BOOT for a Figure Head—3 doors south of the "Exchange" where he will be found in hand ready to furnish friend or foe, with

**Boots or Shoes,**  
suitable for carrying on a year offensive or defensive.

If any of them have a "Surplus Revenue," he has Sub-treasury, where it would be well for them to deposit it, and he will give them a check on the toe patch, which will be honored on presentation.

N. B. He feels the sick-toe the mark—refers the understanding—regulates the sole, on the most reasonable terms.

**54 The Oregon question settled.**  
J. L. CORNING.

Has just received and constantly receiving, a fresh assortment of DRY GOODS, GROCERIES, DRUGS, MEDICINES, PAINTS, OILS, DYE STUFFS, BOOTS, SHOES, CUTLERY, AND JEWELRY.

All of which can be found on the corner, one door South of the Post Office, which he offers for sale, as cheap and cheaper than the cheapest in Town.

J. L. CORNING.  
Hillsdale, June 30, 1846.
